

Mr Marios Pavlides

Short Curriculum Vitae (C.V.)

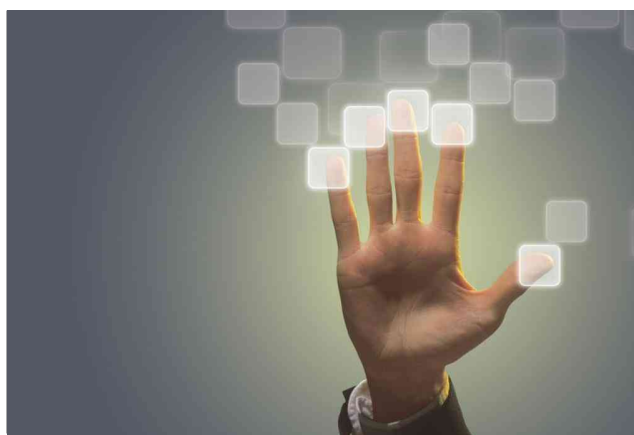

Marios Pavlides obtained his BEng Degree in Chemical Engineering from UMIST, Manchester, UK and also holds an MSc Degree in Environmental Biotechnology from the same University. Marios continued his further studies at CIIM, in Cyprus, where he received his MBA Degree.

Marios worked for both the private and the public sector, and was mostly involved with the energy matters and in particular aspects of the Oil & Gas industry. He has a work experience of almost 10 years in the process industries, the petrochemicals and the petroleum sector; specifically in the natural gas and LNG business.

He is currently employed as Office Supervisor – Consultant for Kassinis International Consulting Ltd, which is a newly founded firm in Cyprus offering consulting services for the oil and gas sector and the petrochemicals business internationally.

Date of birth: 16/01/1979 Nationality: Greek Cypriot
